

MGM RESORTS INTERNATIONAL REPORTS FIRST QUARTER 2026

FINANCIAL AND OPERATING RESULTS

- Record 1Q consolidated net revenues
- Las Vegas Strip Resorts' quarterly net revenues increased year-over-year for the first time since 3Q24
- BetMGM North America Venture reported year-over-year increases in net revenue and Adjusted EBITDA
- Closed on the sale of the operations of MGM Northfield Park for \$546 million in April 2026

Las Vegas, Nevada, April 29, 2026 – MGM Resorts International (NYSE: MGM) (“MGM Resorts” or the “Company”) today reported financial results for the quarter ended March 31, 2026.

“We are pleased to report record 1Q consolidated net revenues driven primarily by MGM China and MGM Digital, as well as growth at our BetMGM North America Venture,” said Bill Hornbuckle, President and CEO of MGM Resorts International. “MGM Resorts' Las Vegas Strip Resorts delivered comparable period quarterly top line growth for the first time in over a year and monthly net revenues that strengthened into March. Looking into the second quarter and beyond, we are seeing signs of strength driven by solid convention bookings, our newly launched all-inclusive promotion, and our recently refreshed rooms at the MGM Grand Las Vegas.”

“This month we closed on the sale of the operations of MGM Northfield Park for \$546 million reflecting a significantly higher multiple than currently ascribed to our premium and diverse operations,” said Jonathan Halkyard, CFO of MGM Resorts International. “The proceeds provide MGM Resorts with incremental liquidity to be deployed in line with our priorities of maintaining a strong balance sheet including the return of capital to shareholders through share repurchases.”

First Quarter 2026 Financial Highlights:

Consolidated Results

- Consolidated net revenues of \$4.5 billion, an increase of 4% compared to the prior year quarter
- Net income attributable to MGM Resorts was \$125 million in the current quarter compared to \$149 million in the prior year quarter

"Segment Adjusted EBITDAR" is our reportable segment GAAP measure, which we utilize as the primary profit measure for our reportable segments and underlying operating segments. Segment Adjusted EBITDAR is a measure defined as earnings before interest and other non-operating income (expense), income taxes, depreciation and amortization, preopening and start-up expenses, property transactions, net, triple net lease rent expense, income (loss) from unconsolidated affiliates, and also excludes corporate expense and stock compensation expense, which are not allocated to each operating segment. Triple net lease rent expense is the expense for rent to landlords under triple net operating leases for its domestic properties, the ground subleases of Beau Rivage and MGM National Harbor, and the land concessions at MGM China.

"Consolidated Adjusted EBITDA" is earnings before interest and other non-operating income (expense), income taxes, depreciation and amortization, preopening and start-up expenses, and property transactions, net. Consolidated Adjusted EBITDA information is a non-GAAP measure that is presented solely as a supplemental disclosure to reported GAAP measures because it is among the measures used by management to evaluate our operating performance, and because we believe this measure is widely used by analysts, lenders, financial institutions, and investors as a measure of operating performance in the gaming industry and as a principal basis for the valuation of gaming companies. We believe that while items excluded from Consolidated Adjusted EBITDA may be recurring in nature and should not be disregarded in evaluation of our earnings performance, it is useful to exclude such items when analyzing current results and trends compared to other periods because these items can vary significantly depending on specific underlying transactions or events that may not be comparable between the periods being presented. Also, we believe excluded items may not relate specifically to current operating trends or be indicative of future results. For example, preopening and start-up expenses will be significantly different in periods when we are developing and constructing a major expansion project and will depend on where the current period lies within the development cycle, as well as the size and scope of the project(s). Property transactions, net includes normal recurring disposals, gains and losses on sales of assets related to specific assets within our properties, but also includes gains or losses on sales of an entire operating resort or a group of resorts and impairment charges on entire asset groups or investments in unconsolidated affiliates, which may not be comparable period over period. However, Consolidated Adjusted EBITDA has limitations as an analytical tool, and should not be construed as an alternative or substitute to any measure determined in accordance with generally accepted accounting principles. For example, we have significant uses of cash flows, including capital expenditures, interest payments, income taxes, and debt principal repayments, which are not reflected in Consolidated Adjusted EBITDA. Accordingly, while we believe that Consolidated Adjusted EBITDA is a relevant measure of performance, Consolidated Adjusted EBITDA should not be construed as an alternative to or substitute for operating income or net income as an indicator of our performance, or as an alternative to or substitute for cash flows from operating activities as a measure of liquidity. In addition, other companies in the gaming and hospitality industries that report Consolidated Adjusted EBITDA may calculate Consolidated Adjusted EBITDA in a different manner and such differences may be material. A reconciliation of GAAP net income to Consolidated Adjusted EBITDA is included in the financial schedules in this release.

"Adjusted EPS" is diluted earnings or loss per share adjusted to exclude property transactions, net, net gain/loss related to equity investments for which we have elected the fair value option of ASC 825 and equity investments accounted for under ASC 321 for which there is a readily determinable fair value and net gain/loss related to our investments in debt securities, foreign currency transaction net gain/loss, and change in the fair value of foreign currency contracts.

Adjusted EPS is a non-GAAP measure and is presented solely as a supplemental disclosure to reported GAAP measures because we believe this measure is useful in providing period-to-period comparisons of the results of our continuing operations to assist investors in reviewing our operating performance over time. We believe that while certain items excluded from Adjusted EPS may be recurring in nature and should not be disregarded in evaluating our earnings performance, it is useful to exclude such items when comparing current performance to prior periods because these items can vary significantly depending on specific underlying transactions or events. Also, we believe certain excluded items, and items further discussed with respect to Consolidated Adjusted EBITDA above, may not relate specifically to current operating trends or be indicative of future results. Adjusted EPS should not be construed as an alternative to GAAP earnings per share as an indicator of our performance. In addition, Adjusted EPS may not be defined in the same manner by all companies and, as a result, may not be comparable to similarly titled non-GAAP financial measures of other companies. A reconciliation of Adjusted EPS to diluted earnings per share can be found under "Adjusted EPS" included in this release.

RevPAR is hotel revenue per available room.

Cautionary Statement Concerning Forward-Looking Statements

Statements in this release that are not historical facts are forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995 and involve risks and/or uncertainties, including those described in the Company's public filings with the Securities and Exchange Commission. The Company has based forward-looking statements on management's current expectations and assumptions and not on historical facts. Examples of these statements include, but are not limited to: the Company's expectations regarding its financial outlook (including expectations regarding booking pace and the Company's liquidity position); any benefits expected to be received from the Company's transactions and capital investments; the Company's ability to execute on its strategic plans, including the Company's development projects in Japan and Dubai; expectations regarding the amount and frequency of any distributions from the BetMGM North America Venture or MGM China; and the Company's ability to return capital to shareholders (including the timing and amount of any share repurchases). These forward-looking statements involve a number of risks and uncertainties. Among the important factors that could cause actual results to differ materially from those indicated in such forward-looking statements include: the effects of economic conditions and market conditions in the markets in which the Company and its unconsolidated affiliates (including BetMGM North America Venture) operate and competition with online gaming and sports betting operators and destination travel locations throughout the United States and the world; the design, timing and costs of expansion and capital investment projects in Japan and Dubai; changes in applicable laws or regulations, particularly with respect to iGaming and online sports betting; risks relating to domestic and international operations, permits, licenses, financings, approvals and other contingencies in connection with growth in new or existing jurisdictions; disruptions in the availability of the Company's information and other systems or those of third parties on which the Company rely, through cyber-attacks, or otherwise; and additional risks and uncertainties described in the Company's Form 10-K, Form 10-Q and Form 8-K reports (including all amendments to those reports). In providing forward-looking statements, the Company is not undertaking any duty or obligation to update these statements publicly as a result of new information, future events or otherwise, except as required by law. If the Company updates one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those other forward-looking statements.
